

ASE Vision Process

Airport Advisory Groups Meeting
October 2, 2019 | 4pm – 7pm
Aspen Meadows Doerr-Hosier Center

Meeting Goals and Purpose

- Review Community Character Working Group key findings and success factors
- Conduct breakout sessions for the Technical Working Group, Airport Experience Working Group and Focus Group
- Further develop a common understanding of how the advisory group assignments will be utilized by the Airport Vision Committee to develop recommendations for the Board of County Commissioners

Welcome and Opening Remarks

Note: A video recording of the full October 2nd plenary meeting can be viewed [here](#).

John Bennett, Airport Vision Committee Pilot, welcomed attendees and reviewed the meeting purpose, agenda, and format. He introduced the work of the Community Character Working Group and the relationships between the advisory groups and Airport Vision Committee (AVC).

Debrief from Community Character Working Group and Clarifying Q&A

Cindy Houben, Pitkin County Director of Community Development and Community Character Working Group facilitator, introduced the Community Character working group narrative success factors and recommendations. Individual Community Character Working Group members then shared specific success factors and answered clarifying questions from advisory group members in attendance.

Breakout Sessions

Following the Community Character Working Group presentation, the remaining work groups participated in breakout sessions to discuss specific topics and their strategic questions:

- Airport Experience Working Group: *Preferred Passenger Terminal*
 - Audio for this session can be found [here](#).
- Focus Group: *Exploring Airport/Transit Connectivity and Developing Initial Recommendations*
 - Audio for this session can be found [here](#).
- Technical Working Group: *Aircraft Noise and Emissions and Aircraft Operations*
 - Audio for this session can be found [here](#).
